5. (Secret - JMM) Met with Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, whom I briefed on recent developments regarding the Soviet ICBM program, ChiCom aircraft production, and cutbacks in Cuban support of revolutionary groups in Latin America.

We discussed briefing Chairman Nedzi, of the Intelligence Subcommittee on Agency matters and agreed the desirable procedure would be for him and other Subcommittee members to visit the Agency for an introductory description of the intelligence community by the Director, followed by Colonel White's comments on the organization of the Agency and a brief statement by several of the Deputies regarding their particular responsibilities.

Slatinshek feels we would have to answer any of Nedzi's questions regarding the budget, personnel strength and broad programs, but should avoid particularly sensitive individual operational activities.

6. (Secret - GLC) After conferring with [REDACTED] FI Staff, I advised [REDACTED] DIA, that the Agency had no objection to DIA's providing extracts of the Defense Intelligence Collection Manual which do not include CIA material or the definitions. On the other point which he raised yesterday, I suggested that DIA avoid specific references to the Agency and merely advise Chairman Moorhead that the document itself was not being provided since it contained sensitive intelligence information involving sources and methods. Freed will discuss this with DOD L&L but feels it can be handled along these lines. I also recommended that if DOD communicates with Moorhead in writing they also discuss the matter personally with him.

7. (Secret - GLC) Met with Bill Woodruff, Counsel, Senate Appropriations Committee, and briefed him on a number of current intelligence items. (See Memo for the Record)

We discussed briefly the fact that a number of pieces of legislation now pending in the Senate would be coming up when Congress reconvenes. Woodruff said he thought it would be useful if the Director discussed the impact of these bills with Senator Ellender since they are sure to be discussed in the Democratic Policy Committee.

8. (Secret - GLC) Met with Dorothy Fosdick, Staff Director, Subcommittee on National Security and International Operations, and brought her up-to-date on the latest information concerning ICBM silos in the Soviet Union and SAM sites near the Suez Canal. Miss Fosdick thanked me for the information and asked that we continue to keep her informed so that she could keep Senator Jackson up-to-date.
